

KATARZYNA SPORN

Visual artist

I live to create art

I am a visual artist, cultural studies scholar, and art therapist who combines painting, textiles, sculpture, and ceramics in my work, allowing me to explore the multidimensionality of forms and materials. My painting is a personal journey through the emotions of a woman, artist, and mother, revealing the psychological dimension of identity, motherhood, and transience with deep emotional intensity.

Borowik Foundation, Warsaw

Once upon a time, dew-kissed and awakened by
moonlight, I caught sight of the being
